“Where everyone knows your name”

To Build a Fort

By: Ben P.

1. Structure

Be sure to obtain hard wide logs and cut them with a rock like some caveman. You'll need a bunch of these.

2. Rope

It is a well-known fact that the best rope is made out of lion's mane so you're going to want to hunt yourself some mountain lions.

3. Construction

Take your newly made rope and use it to tie one of your logs between two trees then start stocking your other logs on that one to make a triangle shape. Cover the top with ferns and small sticks for water proofing.

4. Take a nap

Enjoy your new shelter! J

Kapoom le poisson

Par: Cédric, Gabriel, Julien et Maxime

Voici quelques informations sur Kapoom. Kapoom est un poisson que nous avons trouvé dès notre arrivé au camp. Il vit près du début du quai de voile. Il reste toujours au même endroit sauf quand il est en danger. Par exemple, quand on lui lance des grosses roches ou essayons de le pêcher, (ce qu'on a essayé plusieurs fois sans succès pendant des heures) il s'enfuit, car il est très agile.

Paix et respect pour Kapoom le poisson magicien.

Horoscope

Sagittarius: Actions speak louder than words, and your entire wardrobe is

screamin «intervention».

Capricorne: Méfiez-vous du céleri, il pourrait vous donner des idées hilarantes si vous en mangez trop.

Leo: Relax, it isn't your job to keep the world spinning, you just need to give it a freewheeling slap every now and then.

Verseau: Vous recevrez un déchet d'oiseau sur la tête peut-être qu'il est temps de regarder par en haut et non par en bas. Savais-tu que le ciel est bleu?

Libra : Your moment is here, and the spotlight is trained on you like a Labrador with a squirrel. No time to hide your nuts now, get out on that branch, shake your tail and show em all how it's done.

Scorpion: Couronne de lauriers, c'est le premier prix de l'humour!

Pisces: Don't worry about giving bad news to someone: a spoonful of sugar makes the medicine go down, but so does Jell-O. Never forget.

Taureau: Tu devrais amener quelque chose de nouveau à la table: des chapeaux pour les genoux.

Gemini: After years of reaching for the stars, a wild meteor swings down to offer you a ride. It may seem strange but I get their parties are thrown by Captain Off—The-Hook.

Cancer: Ceci est une excellente journée pour dire au gens comment tu te sens..

Virgo: It's time for a good, long look into your soul. Bring a flashlight and some snacks, because this could take awhile.

Bélier: Le ruissellement de l'eau emporte de la bonne énergie. Cependant, les nuages curieux semblent masquer les opinions.

The Italy Army

By: Italy Girls

Being in Italy is like being in the Army. You create a strong bond with your team and become like sisters. We learn about discipline and about hard work. Every morning, we girls go into a circle and chant to the Italian Gods. Every night, we thank the founders of Wilvaken for this opportunity to learn from the finest of

the land. We respect everything that is given to us because we were thought that one shall respect the material. Our great leader Patricia has not only been a role model but she has also been a great friend. Enjoying jokes and comedy, she knows when to get down to business. All jokes aside, the Italy Army will protect anything and anyone who shall harm even a fly.

Please don't walk away
From everything I say
I need to tell you "hey"
When you walk my way.
